65c Pillow Tops 39c

Brainerd Souvenirs

These are articles, which, with a little work will make the most appreciated of Christmas gifts. They are Brainerd souvenir pillow tops, stamped on the very best quality of art ticking and have sold for 65c regularly. There are two designs—one of our public library and the other a typical Brainerd lake scene. These pillows can be completed with from 40c to 50c worth of silk floss. When finished they are worth \$5.00. This should be a splendid suggestion for the Christmas gift.

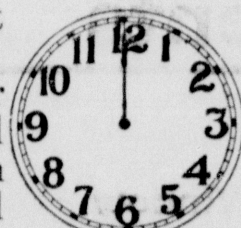

Shorter hours for the employees of our store

In this movement we shall ask the support of all friends of labor. During the year just closing our store will have been open 89 evenings out of the 307 working days of the year. In other words we have been compelled to ask our employees to work 88 days on which their days averaged from 11 to 12 hours. We wish to eliminate some of these long days and after January first our store will be open only on Saturday nights, the twentieth and on evenings before holidays. We shall close our store hereafter on the evenings of the second and the seventeenth excepting when one of these days come on Saturday or on an evening before a holiday. This will reduce the number of open evenings to 73 for 1908 or an average of 6 a month. We feel sure that you will gladly co-operate with us in this and help us bring our store hours nearer what the entire labor world is working for—a shorter day.

Cut this out

It is worth 10c

After January 1st we will sell the Ladies' Home Journal patterns instead of McCall's as heretofore. We shall make this change that the pattern department may be in keeping with the remainder of our store—that is, to give you the very best and the Home Journal patterns have proven to be this. To help clear out the McCall's patterns, we will give you any 15c pattern for 5c if you will bring this portion of the "ad" with you.

Lace Curtain sample ends 19c

We have about 200 lace curtain sample ends from 4 to 5 1-2 feet long. These have been in the lots that have sold at 25c and 35c. We cannot give you more than one of a pattern but they are so much cheaper than even a cheap curtain swiss. We place these on sale on the 20th at 19c.

Lonsdale Muslin at 11c

We will add an unusual bargain to this sale. We will sell 9 yards of Lonsdale muslin for 99c. This muslin is now selling for 15c the yard everywhere but we intend to give you a big bargain. We shall sell but 9 yards to a customer. We cannot promise this after Wednesday at this price.

SPECIAL NOTICE TO THE LADIES OF BRAINERD

A great demonstration of E. Burnham's Toilet Requisites is to take place in this city at H. P. Dunn & Co.

from November 25th to 30th, which is being given for the purpose of teaching the ladies of this city how to use E. Burnham's celebrated toilet requisites in the privacy of their own homes with equally as good success as if they had visited his celebrated beautifying parlors at 70-72 State street, Chicago, where he employs upwards of two hundred people for demonstrations alone.

E. Burnham is the largest toilet and hair goods manufacturer in the world, doing upwards of a million and a half dollars worth of business per annum, and employs in his wholesale and retail over four hundred people.

His demonstrations create a sensation among the ladies wherever they demonstrate and prove to the ladies that E. Burnham's Toilet Requisites will do all that is claimed for them.

They guarantee to take any lady, regardless of her complexion, and improve her looks from 25 to 100 per cent. If you are at all skeptical on this point it is to your interest to call at Dunn's

store and see this demonstrator for yourself, who is direct from Chicago.

She is not like the ordinary demonstrators who have been visiting our city, who merely tell us what they can do, but will take any lady with freckles, moth patches, discolored skin, pimples or blackheads, and remove them, and will clear her face, putting it into a youthful, healthy condition.

This demonstration is given privately so the ladies need have no fear of having made public anything that is done for them.

They also have a booklet which is fully illustrated, "How to Be Beautiful," which is the key to the use of these celebrated toilet articles. These booklets will be given out as well as samples, free, during her stay in this city. You are all invited to call.

E. Burnham will have a demonstrator in this city from Nov. 25th to 30th for the purpose of teaching the ladies how to use Burnham's Toilet Requisites with equally as good success in the privacy of their own homes as if they had visited his celebrated toilet parlors at 70 and 72 State St. Chicago.

ROUTINE WORK MAINLY DONE

City Fathers Transacted Little Business of Unusual Interest Monday Night

BOUGHT A STORAGE BUILDING

Ordered Levy for Sidewalk Assessments and Accepted Estimate on Paving

The work done by the city fathers Monday evening was largely of a routine nature, comparatively little of the work being of unusual interest.

When President Johnson of the city council called that body to order Alderman Zakariasen, Drexler, Farrar, Fogelstrom and Graham were present to answer to roll call. The minutes of the last meeting were then read and approved.

The finance committee reported that they had examined the books of the city clerk and city treasurer and had found them correct. They found the amounts on hand in the various funds as follows:

Current expense fund.....\$ 3 444 17
Electric light fund..... 998 11
Miscellaneous..... 1 964 14

Total.....\$6 406 42

The street committee reported that it had purchased the lumber and commenced the work of planking the bridge between Kindred and Kingwood streets. Alderman Farrar stated that it was not his understanding that the bridge was to be redecked this fall, but that the committee was to make light repairs. However, the work was probably needed and he would not object to it being done. Several aldermen thought that it was understood that it was to be done this fall. There was some discussion as to the disposition of the old planking and it was finally decided to have it hauled to the Central hose house and used for fuel.

The street committee was granted further time in the matter of the bill of for the street roller.

The sewer committee reported that the sewers in the Second ward had been flushed and cleaned. Alderman Fogelstrom wanted to know if the work of flushing the laterals could not be taxed to the property holders, but it was the understanding of the council that they must be cleaned and flushed by the city at large.

The special assessment for cement sidewalks was on motion ordered as per the report of the city engineer.

The city engineer reported on the estimates of paving Eighth street from Laurel to Oak and the special assessment was laid over until next meeting in accordance to law. It will be acted upon at that time and included in the taxes payable in 1908.

A motion was passed permitting Dee Holden to transfer his saloon license in the Ideal to Shannon & Ridgeway, the bond offered by them being approved.

On motion the purchasing committee was instructed to purchase of R. R. Wise the steel sheathed building formerly occupied by Slipp Brothers as a warehouse, and which now stands in the rear of the postoffice, and have the same moved over near the hose house for the use as a building for the storage of the steam roller, street sweeper and other tools, etc., belonging to the city. The street committee reported that Mr. Rowley would move the building for \$100 or would furnish his tools, etc., for \$8 per day and his men for \$2.50. The matter of moving the building was referred to the street committee with power to act.

On motion the council then adjourned.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COMMITTED SUICIDE WHILE INSANE

Mrs. Hendrickson, of Southeast Brainerd Hung Herself Monday Afternoon

AD BEEN INSANE BEFORE

as Found by Her Husband When he Returned from Work Hanging in the Attic

Mrs. Lena Hendrickson, wife of Charles Hendrickson, a laborer in the northern Pacific shops, residing at 96 Pine street southeast, committed suicide Monday afternoon by hanging. About three o'clock her 16 year old daughter left home to go to the grocery store to order some things for supper. When she started out she asked her mother what she wanted for supper and she replied for the daughter to get it herself. When the daughter returned her mother was nowhere to be seen but nothing was thought of the matter until supper time came and she did not show up. When Mr. Hendrickson arrived from the shops he commenced to search for her and found her hanging apparently lifeless in the attic of the house. He cut down the body and summoned Dr. Thabes who pronounced her dead. She had taken a clothes line and hung herself to a color beam in the attic, presumably immediately after the daughter left for the store.

Mrs. Hendrickson has been mentally unbalanced for a long time and returned in August from Fergus Falls, where she had been confined in the asylum for some three months for treatment. Since returning from Fergus Falls she had also shown some signs of mental aberration. Coroner Gibson was called in but decided that there was no need for an inquest.

Mrs. Hendrickson was about 45 years of age and was a native of Finland. She leaves besides her husband three daughters and two sons to mourn her loss.

The funeral will be held from Clark's undertaking parlors Wednesday afternoon at 3 o'clock, with interment in Evergreen cemetery.

Thelander-Liners

Miss Emma Thelander, of Long Lake, and Mr. Joseph Liners, of Brainerd, were united in matrimony by Rev. Fr. O'Mahoney at the St. Francis parish house at 9:15 o'clock this, Tuesday, morning. Miss Josephine Liners was bridesmaid, while Fred Kinsmiller supported the groom. After the ceremony the wedding party drove to the home of Mr. and Mrs. Oscar Thelander, of Long Lake, the parents of the bride, where a reception was given the newly married couple and a sumptuous wedding dinner was served. The bride was reared in the town of Long Lake and has many friends both there and in Brainerd. The groom is also well known here, having for a number of years been employed as a molder by Parker & Topping. Their many friends join THE DISPATCH in extending heartfelt congratulations.

BEGINS TOMORROW

Evangelistic Conference Commences Tomorrow Evening in the First Baptist Church

The Evangelistic Bible conference will open in the First Baptist church tomorrow evening, the service being conducted by Rev. J. R. Pratt, of Albany, N. Y. Dr. Pratt is a noted evangelist and Bible teacher, having been associated with some of the greatest evangelists of the country. During the great Chapman meeting held two weeks ago at the twin cities Dr. Pratt was considered one of the strongest of the workers. He is considered one of the best teachers in America today. All are invited to come out and hear him.

CALLED PASTOR

First Congregational Church Extended Unanimous Call to Rev. Dr. G. E. Moorehouse

The First Congregational church held a meeting Monday evening and by unanimous vote decided to extend a call to Rev. Dr. G. E. Moorehouse, formerly of Astoria, Oregon, to accept the pastorate of the church. Dr. Moorehouse was here and preached some time ago and made a very favorable impression. He comes highly recommended. Mr. Moorehouse is at present visiting in Kansas and will be here inside of a month to enter upon his duties.

TWO FIREMEN KILLED.

Heavy Property Loss Also Caused by Fire at Fargo, N. D.

Fargo, N. D., Nov. 19.—Two firemen killed and a \$200,000 fire loss was the result of a conflagration which started in the J. I. Case company's big offices and warehouse in this city.

The structure and all its contents were destroyed.

William H. White, for thirteen years a driver of a hose wagon, and George M. Hartman, nozzlemaster, were killed by falling walls. White died instantly and Hartman lived about an hour. White was a childless widower. Hartman leaves a widow and three children.

The fire is supposed to have started in the engine room of the warehouse, and it gained such headway because of the suction of the elevator shaft that the firemen could not cope with it. The north wall fell in before the roof and crushed the two men.

H. P. Dunn Confirms Guarantee on Hyomei, Cure for Catarrh

The question having been raised as to whether or no H. P. Dunn will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, we want to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues, H. P. Dunn takes all the risk.

If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can lose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but \$1.00; nothing if it fails to cure. Get an outfit from H. P. Dunn today and begin its use at once. 137-139-143

CLOTHIER AND FURNISHER

616 Front Street, Brainerd, Minnesota

There are two classes of men in this town—those who know all about our good clothes, and those who have never been here.

Men Who Know

Those who know—know that they have never had better clothes than they buy here—never had better fitting, more comfortable, stylish or more fairly priced clothes. They know that when they are ready for a fall suit, they will come directly here for it. Then we all know where the best clothes come from.

Men Who Don't Know

To the other class belong—those busy mortals who haven't time to investigate, so they go to the exclusive tailor and pay dearly for their lack of time, or content themselves with buying "Average Ready-to-Wear Clothing," and so go poorly dressed half their days.

Reader: If you are not already in the class of "The Man Who Knows," you'll do well to join it at once.

SHORTER STORE HOURS

The H. F. Michael Co. Will Curtail the Number of Open Evenings After January 1st

In their large "ad" on the first page of this issue the H. F. Michael Co., announce the reduction of the number of evenings that their store will be open after January 1st. It will also be remembered that this firm took the initiative step in the 6 o'clock closing movement. Mr. Michael says that few people realize the nervous strain that the sales ladies are under who must accommodate themselves to the many different natures that they meet during the day and said that he favors the shortest possible hours. He also spoke of the better service that Christmas shoppers will receive who do their purchasing as early a date as possible. Now, he said, every sales person is able to give most excellent assistance but later, when the rush is on they naturally loose that acute interest and make themselves less valuable to the purchaser. These are thoughts worth considering.

"Bijou"

Owing to the illness of the members the ladies orchestra was unable to be present at the Bijou, but it is expected that this will be a feature of the show on certain nights hereafter. Nevertheless the evenings entertainment last night was a good one. "The Crime in the Snow," was a strongly dramatic and tragic production. "The Inquisitive Boy" delineated the destructive abilities of some kids to perfection. "The Tale of a Tooth" was another button burster, while "Pleasant Thoughts" was a fine example of the perfection of the art of creating beautiful effects by the moving pictures. The illustrated song, "Top of the Morning, Bridget McCue," and the lullaby song by Miss Mahlum were finely rendered.

Hooligan Tonight

The many who have watched Happy Hooligan in the comic papers for a long time will want to go to the opera house tonight to see him in real life. The story into which he is woven is intensely dramatic and real. Of course "Hooligan" is the central figure of it all and his thwarting of the villains in their efforts to injure and obtain the

fortune of Nellie, a blind girl, is laughable at times and at others equally sensational and exciting. A stirring climax is the rescue of "Hooligan," who has been tied to a rail on the New York Central R. R. track in the nick of time by his dog Flip just as a train is approaching. The supporting company is a large and capable one and numerous specialties are introduced throughout the various acts.

"The Land of Nod"

The great musical extravaganza, "The Land of Nod," which made so big a hit in the twin cities a few weeks ago will be at the Brainerd opera house Thursday evening November 21. This production has made a hit wherever produced and it is only because Brainerd is a link in the chain of larger towns that it is so fortunate as to secure the attraction. Prices \$1.50, \$1, 75 cents, 50 cents and 25 cents.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous hacking quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Sam Parker Reports Seeing but One in Three Days Deer Hunting During Past Few Days

Sam Parker, who is back from a hunting trip up north reports that if people are not careful partridges will soon be extinct. Where previous years he would have seen not less than sixty or eighty of the birds this year he saw but one in three days tramping of the woods. He lays it more to the heavy snows and extreme weather of last winter than to any other cause, but says it stands sportsmen in hand to refrain from killing them for a few years in order to give them time to replenish. He reports rabbits as fairly plentiful, but not nearly so much so as in previous years.

INSANITY IS HER PLEA

Mrs. Bradley on Trial for Murder of Senator Brown.

NOT MENTALLY RESPONSIBLE

Witnesses Testify to the Effect That the Defendant Did Not Appear Rational at the Time of the Tragedy in Washington.

Washington, Nov. 19.—Foundation has been laid for the plea of the defense in the trial of Mrs. Annie M. Bradley, charged with the murder of Former United States Senator Arthur Brown of Utah.

That plea, heretofore made evident, will be insanity, or more accurately, perhaps, mental irresponsibility of the prisoner at the time of the tragedy. The courtroom was thronged with interested spectators. The prisoner, frail and weak, almost to the point of collapse, sat behind her counsel, manifesting comparatively little interest in the proceedings. Occasionally she exchanged a few words with her attorneys, but only at rare intervals.

The evidence adduced tended to throw light upon Mrs. Bradley's condition at the time of the tragedy. Newspaper men and physicians occupied the stand during most of the two sessions of the court. In each instance the newspaper men testified that at the time they saw Mrs. Bradley, shortly after the shooting, she was greatly agitated and two of them declared she was wild and haggard looking. The purpose of the defense was to show her irresponsibility at the time she did the shooting. Physicians who knew her before the murder and who subsequently examined and treated her were put on the stand to show that her physical condition was such as likely to produce mental aberration, or at least irresponsibility for her action.

A pathetic touch was given the case when Mrs. Bradley's aged mother, Mrs. M. E. Maddison, told of an accident which her daughter had sustained when she was a small girl. One of her playmates accidentally struck her on the head with a hoe. She was ill for several weeks and Mrs. Maddison testified that subsequently she suffered greatly from severe headaches.

Colonel Kaighn, a lawyer of Salt Lake City, testified that Mrs. Bradley visited him at his office in Salt Lake City and told him that she must talk to somebody or she would go crazy and that she wanted to talk to him because he was a friend of Arthur Brown.

Objection being made to the line of testimony being adduced, Justice Stafford held a prolonged conference with the attorneys for both sides, at the conclusion of which he directed a temporary adjournment of the case.

WARNER FOUND GUILTY.

Slayer of Miss Norling Convicted of Second Degree Murder.

New York, Nov. 19.—Frank H. Warner has been convicted of murder in the second degree for the killing of Esther C. Norling on July 23, last.

"I'm sorry they did not make it first degree," was Warner's only comment when the verdict was returned.

Warner, who had known Miss Norling for some years, went to the store in which she was employed in Forty-second street and shot her without warning. He escaped into a large office building and before he was followed got out through a window. He then went to a hat store owned by John C. Wilson, a life long friend, and shot him. Wilson died soon after. Warner was captured by a truckman as he was leaving Wilson's store.

Patrolman Thomas Walsh was dismissed from the police force on charges of cowardice for not following Warner into the office building after he shot Miss Norling.

Warner's defense was insanity. He has not been tried on the indictment charging the killing of Wilson.

MURDER IN SECOND DEGREE

Jury Convicts Man Who Started Fatal Fire in Colorado.

Boulder, Colo., Nov. 19.—Murder in the second degree, with a recommendation for the minimum sentence of ten years' imprisonment, was the verdict returned by the jury in the case of J. W. Reeve, a railroad brakeman, who confessed that he and another railroad man set the fire in the Colorado and Southern railway yards here on the night of Aug. 19, last, which caused the explosion of a carload of dynamite, killing three men and destroying several hundred thousand dollars worth of property. It was urged on behalf of Reeve, who is a member of a well known New Jersey family, that he was intoxicated at the time he committed the crime and did not know there was any dynamite in the railroad cars. The motive for starting the fire was sympathy with the Colorado and Southern switchmen, who were on strike.

Official Visit Ended.

London, Nov. 19.—The official visit of Emperor William and Empress Augusta Victoria to King Edward and Queen Alexandra has ended. They both left Windsor, the empress proceeding to Holland, where she will visit Queen Wilhelmina, and the emperor going to High Cliffe castle, where he will spend several weeks in recuperating.

Bryan Says He Is Not Responsible for Stringency.

WALL STREET "GAMBLERS"

Noted Nebraskan Declares They Are to Blame for the Present Financial Situation—Says Men Who Now Hoard Money Are Unpatriotic.

Lafayette, Ind., Nov. 19.—William Jennings Bryan received an enthusiastic welcome when he addressed the members of the Jackson club, a local Democratic organization, at their banquet here. Seven hundred plates were provided for. In addition probably 2,500 others were present.

James K. Risk of Lafayette, Democratic district chairman, was toastmaster. Among others who addressed the gathering were John W. Kern, former Democratic candidate for governor, and Congressman J. A. M. Adair. Mr. Bryan was the last speaker on the programme.

Mr. Bryan declared with much fervor that President Roosevelt should not be held responsible for the present financial stringency. The blame, he said, should be laid at the door of Wall street "gamblers." Mr. Bryan said that the man who would withdraw money on deposit from the banks at the present time was like the man who refused to aid his country in time of war.

Mr. Bryan said that after serving in two campaigns he did not feel like volunteering again, although he would accept the presidential nomination in 1908 if "drafted."

Money Question Out of Politics.

The distinguished Nebraskan said he was glad that unprecedented discovery of gold had taken the money question out of politics. "But I want you to know," said the speaker, "that our arguments on the money question advanced in 1896 have been vindicated, not by the Republican party, but because God Almighty took pity on the poor people of the world and opened up to them vast storehouses of gold."

Discussing President Roosevelt's attitude on the trust question, Mr. Bryan maintained that the president had

WILLIAM J. BRYAN.

at last reached the position that the Democrats took ten years ago, namely, the putting of guilty trust magnates in jail.

Mr. Bryan declared the Democratic party is the pioneer in the fight for railroad rate legislation, and that the demand made for regulation in three Democratic national platforms was

promulgated before the Republicans took it up. He then took up the tariff question at some length. He denounced tariff revision as proposed by the Republicans and accused the Republican party of bad faith in promising revision.

Means Much to the People.

"The delay of a single year means much to the people of this country, and they are being defrauded out of hundreds of millions of dollars in the meantime. The people are ready to let the Democrats reform the tariff," asserted Mr. Bryan.

Mr. Bryan severely arraigned the imperialistic policy of the Republican party and said the experiment had already cost the people an enormous sum of money. He referred to the Philippine government as a "carpet bag" government held in place by a standing army. He contended that the United States, instead of spending hundreds of millions of dollars on the Philippines, should spend it in reclaiming arid lands within its own bounds.

"If you ask me if President Roosevelt is a Democrat," said the Nebraskan, "I will answer that he is in spots, but the spots are not big enough or frequent enough. When I see him taking planks out of the Democratic platform, I am glad to endorse him. I have always been glad to commend him when he advocates rate regulation and the income tax. The only trouble is that he does not go far enough."

Mr. Bryan expressed himself as in favor of the postal savings bank and said that he believed it to be a better plan than asset currency.

Mr. Bryan visited Purdue university and the state soldiers' home. He met the Democratic chairman and editors of Indiana and held a public reception at one of the principal hotels.

Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

W. J. Bryan, an intelligent thinking woman, in need of relief from weakness, nervousness, pain and sorrow, then it means much to you that there is one tried and true honest medicine, or SAFETY COMPOSITION, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

New Death Test.

Paris, Nov. 19.—A new death test, which absolutely precludes the possibility of burial alive, has been discovered at Larjosiere hospital in this city. Experiments have shown that radiographs of bodies taken even a few minutes after death reveal clearly the outlines of all the organs, whereas if the radiographs are taken during life the organs are not revealed.

Minnesota Boy Drowned.

Lindstrom, Minn., Nov. 19.—The eleven-year-old son of Mr. and Mrs. L. Smith of this village was drowned while skating on Andrew's bay. Harry Lether, a local traveling man, narrowly escaped drowning in trying to reach him with a small plank.

Remove Poisons FROM THE SYSTEM.

There are three ways and three only, by which the human body can be rid of poisonous, waste matter—the bowels, the kidneys, and the skin.

It is only when the bowels become sluggish and constipated that the kidneys play out as a result of the excessive work thrown upon them. Now, there is only one medical treatment that fully realizes this condition of affairs.

Dr. A. W. Chase's Kidney and Liver Pills

For they regulate the bowels as well as the kidneys, and thereby remove the cause of trouble and cure the most complicated cases. You can scarcely find a case of kidney disease which did not begin with liver and bowel disorders and which could therefore have been prevented by this great prescription of the famous Receipt Book author. One pill a dose, 25 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mr. E. F. Smith, 1306 S. Washington Street, Lansing, Mich., states:

"Suffering from kidney troubles, I used Dr. A. W. Chase's Kidney and Liver Pills, and was much pleased with their prompt action on the liver and kidneys, removing the bile, regulating the bowels and toning the kidneys up to healthy and normal action."
